

TITLE OF INVENTION

BICYCLE

TECHNICAL FIELD

BICYCLES and their frames.

BACKGROUND ART

The present invention relates to bicycle frames. Bicycle frames have been in existence for centuries. Since their introduction, these frames have become more and more technical in nature. The present invention further improves the art of bicycle frames.

DISCLOSURE OF INVENTION

The present invention is a bicycle frame, and includes a frame having a body portion and a head portion, and may be equipped with a pair of wheels, seat and handlebars to facilitate a user riding the bicycle as assembled.
